LETTER OF AGREEMENT FOR RESEARCH COOPERATION

Date: 2nd May, 2016

Dear Sir/Madam,

This Letter of Agreement sets out the terms and conditions which govern the collaboration between National Central University, Taiwan, and University of Brawijaya, Indonesia, on the research proposal project as follows.

DE NOVO FERMENTATION OF FLAVOURS AND FRAGRANCES USING *SACCHAROMYCES CEREVISIAE*

Background

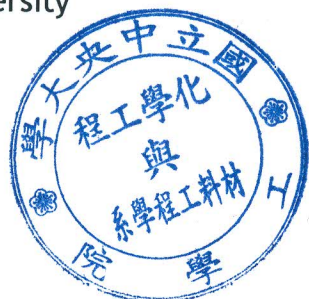

In order to establish long-term education and research cooperation between National Central University, Taiwan, and University of Brawijaya, Indonesia, the delegates of both parties have signed Memorandum of Understanding, MOU.

The international research cooperation is between Prof. Dr. Ir. Chandrawati Cahyani, MS, in the department of Chemical Engineering of University of Brawijaya and Prof. Chin-Hang Shu, in the department of Chemical and Materials Engineering of National Central University from 2017 to 2019.

The researchers involved in the cooperation research will follow all the related regulations set by both Universities and governments.

President of
National Central University

Dr. Jing-Yang Jou

Department Chair of
Chemical & Materials Engineering
National Central University

Prof. Chin-Hang Shu
